CRYON-X

COLDER. FASTER. SMALLER. QUIETER.

CRYON-X ONE

The World's Fastest Iceless Cryotherapy

Redefining Cryotherapy.
No Ice. No Limits.

Healing Starts Here

Step 1

Plug in and power on CRYON-X One.

Step 2

Fill tank, connect hose, and place wrap.

Step 3

Press start for pain relief and recovery.

Precision Recovery. Anytime. Anywhere.

- Fully Portable Recovery System
- Real-time Temperature Metrics
- Anatomically Specific Wraps
- Advanced Software Controls
- Professional-Level Benefits

CRYON-X One delivers iceless cold and/or compression therapy that gets cold enough for recovery, unlike other systems that fall short.

It can quickly reach 1°C and deliver compression up to 75 mmHg, matching the same key treatment parameters as traditional ice-based cryotherapy systems without the hassle of repeated ice refills.

No ice. No mess. No limits. Built for post-surgical care, acute injuries, and athletic recovery to help reduce pain, swelling, and edema.

Technical Specs

Cold: Down to 41°F (Unlockable to 34 °F)
Compression: Up to 75 mmHg
Power Supply: 29.4V 5A adapter or 25.9V 5Ah external lithium battery
