## Precision Recovery. Anytime. Anywhere.

- Fully Portable Recovery System
- Real-time Temperature Metrics
- Rechargeable Battery Power
- Anatomically Specific Wraps
- Advanced Software Controls
- Professional-Level Benefits

CRYON-X Pro redefines 4-in-1 therapy with cold, heat, contrast, and compression in one rechargeable, portable unit.

While traditional systems can weigh over 200 lbs, take up more space than a carry-on luggage, and cost over $30,000, CRYON-X Pro delivers iceless therapy with only water, at least 3x greater efficiency, and up to 3x lower cost.

No wall plug. No ice. No alcohol/coolant. Recovery built for travel, training, and game day. Good for post-surgical care, acute injuries, and athletic recovery to help reduce pain, swelling, and edema.
